The Recruitement Manager/Team

Qualcomm India Private Limited
Carina West Tower Marathalli Outer Ring Road Doddanekkundi
Bangalore,Karnataka,560037

Subject: Application for the Role of Software Developer**Respected Hiring Team,**

I am excited to apply for the **Software Developer** role at **Qualcomm**, as advertised on **Company Website Portal**. Currently pursuing my **B.Tech in Computer Science and Engineering** from **CMR Institute of Technology**.I bring a strong foundation in **software development**, with expertise in **Python and Java programming, advanced algorithms, data structures, and full-stack web development**. My academic background, combined with hands-on experience in **building scalable web applications and architecting backend systems**, positions me as a dynamic contributor to your innovative team.

As a **B.Tech Computer Science and Engineering** student, I have developed a strong foundation in **Java, Python, C, JavaScript**, and **front-end technologies** such as **HTML and CSS**, with experience in **SQL database management** and **Git/GitHub version control**. My key projects include creating a **Tic-Tac-Toe** game, a **Snake game**, and a **Student Database Management System**, where I applied my skills in programming, problem-solving, and system design. Along with my technical expertise, I possess strong **communication skills, adaptability**, and a passion for **continuous learning**, enabling me to contribute effectively to collaborative projects and innovative solutions.

I am particularly drawn to **Qualcomm** for its commitment to **continuous innovations** , which aligns seamlessly with my passion for **leveraging technology to solve complex problems**. With expertise in **Python and Java programming, full-stack development, and scalable system design**, I am eager to contribute by **developing impactful solutions that drive efficiency and innovation**. My inclination towards **collaborative problem-solving and continuous learning** motivates me to align with your team's goals, and I look forward to the opportunity to contribute meaningfully while further honing my skills as part of your organization.

I would welcome the opportunity to discuss how my background, skills, and ambitions align with the needs of Qualcomm. I am available at your earliest convenience .

Thank you for considering my application. I look forward to the possibility of contributing to Qualcomm and am eager to bring my innovative problem-solving approach to your esteemed team.

Warm regards,
Samriddha Das
